

REMARKS

In response to the restriction requirement, Applicant reaffirms the election of Group I, claims 1-40 and 66-201, without traverse. Claims 41-65 have been withdrawn from consideration.

**Double Patenting Rejection:**

In response to the Examiner's rejection under obvious type double patenting, a terminal disclaimer, in compliance with 37 CFR § 1.321, is filed of even date herewith to overcome the obvious-type double patenting rejection. Since U.S. Patent No. 6,625,454 is commonly owned by the same assignee of the application, it is believed that the terminal disclaimer overcomes the obviousness-type double patenting rejection.

Reconsideration of this application is respectfully requested.

The Commissioner is hereby authorized to charge any necessary fee due to Deposit Account No. 50-2117, Motorola, Inc., or credit any overpayment to the same account.

Respectfully submitted,
